Subject: PCN# 11A-11 Notification of Intent to Discontinue Select Devices

Dear Lattice Customer,

Lattice is providing this notification of our intent to discontinue select devices. The customer demand for these devices has been declining over the years and it no longer makes economic sense to continue manufacturing.

Affected Products

The Ordering Part Numbers (OPNs) affected by this PCN along with recommended replacement alternatives are listed in Exhibit "A" (also available in an Excel spreadsheet [here](#)). This PCN also affects any custom devices (i.e. factory programmed, special test, tape and reel, non-standard speed grade and package, etc.), which are derived from any of the devices listed in the table. It should be noted that none of the recommended replacement alternatives are pin compatible and all will require a redesign.

Discontinuance Timing

Customers will have 6 months to place their last time buy (LTB) orders for these devices. All LTB orders for these devices will be non-cancelable and non-returnable. All LTB orders must be placed no later than February 1, 2012 (6 months after the date of this notice) with all deliveries taken no later than August 1, 2012 (12 months after the date of this notice). Orders received after February 1, 2012 will only be accepted based on available on-hand inventory.

Discontinuance Timing – Summary

Last Time Buy Order Date	February 1, 2012
Last Shipment Date	August 1, 2012

Response

In accordance with JESD48B, this change is deemed accepted by the customer if no acknowledgement is received within 30 days from this Notice.

Lattice PCNs are available on the [Lattice website](#). Please sign up to receive e-mail PCN alerts by registering [here](#). If you already have a Lattice web account and wish to receive PCN alerts, you can do so by logging into your account and making edits to your subscription options.

Contact

If you have any questions or require additional information, please contact pcn@latticesemi.com.

Sincerely,

Lattice Semiconductor PCN Administration
